

“WHERE IN THE WORLD
CAN WE FLY YOU TODAY”

A LETTER FROM
THE PRESIDENT.

"OUR CHARTER
DEPARTMENT OPERATES
24 HOURS A DAY,
7 DAYS A WEEK,
365 DAYS A YEAR."

MISSION

*To provide
the highest level
of safe and convenient
private aviation services
to our valued clients
with the purpose
of exceeding
their expectations.*

I would like to take this opportunity to introduce my company to you. Everyday we strive to provide our clients with first class service while maintaining the highest level of safety. We are a full service aviation company that provides air charter, aircraft management, aircraft maintenance, whole and fractional aircraft sales since 1998. We are located at the Fort Lauderdale Executive Airport, in Florida with offices in Orlando, Sarasota, and St. Petersburg/Tampa.

To date we have flown in excess of 25,000 flight hours and safely carried thousands of customers to their destination airports throughout the US, the Caribbean, Canada and Mexico.

Our charter department operates 24 hours a day, 7 days a week, 365 days a year. Our call out for a charter flight averages one hour. Our experienced charter representatives can quote, dispatch and provide concierge services from the office or via our integrated mobile dispatch system.

We are able to serve our clients with our fleet of aircraft, as well as a worldwide network from other operators whose aircraft and pilots we have pre-screened and determined to meet the same rigid safety qualifications that we subscribe to.

We would like the opportunity to have you experience our service. I guarantee your satisfaction.

Sincerely,
Tom Conlan
President

- Manufacturer inspections
- Phase inspections

OUR LATEST EDITION

GULFSTREAM G200

THE FIRST OF THE NEW GENERATION OF SUPER MID-SIZED BUSINESS JETS, THE G200 IMMEDIATELY CAPTURES ATTENTION.

With a cabin length of 24 feet 5 inches and a height of 6 feet 3 inches, the G200's roomy interior offers two spacious living areas that enhance productivity while catering to each traveler's personal needs. Interior seating arrangements can accommodate 9 passengers. The G200's creates a pleasant living environment with abundant sunshine from its traditional oval windows which contribute to an overall feeling of spaciousness which reduces fatigue while promoting a sense of well-being.

- The G200 can carry up to 9 passengers and their luggage and fly approximately 3,000 nm. That means fewer stops along the way and a sizeable savings in time, effort and money. When leaving from NY with four passengers, we are able to fly non-stop to London, Caracas, Mexico City or anywhere else in the Continental US. With one stop, the G200 can reach Asia, the Middle East or anywhere in South America.

- Passengers will appreciate the G200's well equipped communications and entertainment systems, which includes a DVD player, a 15-inch LCD monitor in the forward cabin bulkhead, individual headphone controls at each passenger seat and the Airshow 410 passenger flight information system. Whether you intend to work or relax, the G200 can accommodate you.

- Every Gulfstream G200 large-cabin, mid-range business jet also features a spacious forward galley and ample room for luggage.

BEECHJET 400 SERIES

BEECHJET 400/MITSUBISHI-399MM

BEECHJET 400-105AX

BEECHJET 400A-N999YB

BEECHJET 400-406TS

The BeechJet 400 is the fastest jet in its category, providing time savings on longer trips. Its range of 1500 miles allows you to fly non-stop from New York to Miami, Chicago to Houston, and Los Angeles to Seattle. With its performance and interior configuration, the BeechJet 400 offers impressive value in the light jet category. Compared to other jets in its class, the BeechJet 400 provides more headroom and shoulder room. The cabin also offers a flat floor making it easier for passengers to move throughout the cabin and relax in comfort.
